

## STOCK REPORTS.

Bull Movement in the Share Market Is Unchanged.

New England Advances Three Points to Fifty.

Chicago Gas Seriously Raided in the Late Trading.

WALL STREET, Thursday, Jan. 7.—Speculation at the stock exchange displayed greater buoyancy to-day than at any time since the inauguration of the current bull movement. Purchases were on a scale of great magnitude, and in many instances the advance in prices was sharp.

New England scored the greatest rise, selling up nearly 3 points to 50, on the new deal with the Long Island Railroad Company, details of which were printed yesterday in THE EVENING WORLD.

Distilling & Cattle Feeding National Cordage, Missouri Pacific, Kansas & Texas, American Sugar and Rock Island were the other features of the market. Louisville & Nashville was exceptionally heavy, partly in consequence of selling for London account. The company has just declared the regular semi-annual dividend of 2 1/2 per cent., payable Feb. 4.

One per cent. has been bid to call any part of 30,000 shares of New England in lots of 100 at 55 within 60 days.

Somewhat of a sensation was caused late in the day by the sudden drop in Chicago gas from 70 1/2 to 70. Not a sale was reported between 70 1/2 and 70 3/4. At the lowest point supporting orders came in, and the stock rallied to 70 1/2, but it later broke to 70 1/4. It was reported that a large short interest had made a private settlement. This gave the traders the cue to rein the stock, and on the way down they uncovered any quantity of stop orders.

It was rumored that the Chicago Gas Company has acquired control of the Economic Company of Chicago. This would give the Chicago Gas complete control in that city.

The general market was strong for a time this afternoon, especially for New England, which rose to 50 1/2 on a large business. The slump in Chicago Gas, however, had a tendency to shake out weak holders, and a decline of 1/2 to 3 per cent. ensued. The closing was rather weak. Distilling & Cattle Feeding made the heaviest loss outside of Chicago Gas.

The Louisville & Nashville road reports a surplus for the six months after paying 2 1/2 per cent. on the stock of \$174,000.

The total sales at the New York stock exchange to-day reached the large amount of 440,400 shares of listed stocks and 170,000 shares of unlisted.

## Too Many Goods.

We want room for Spring stock and have made prices in your favor throughout every department to accomplish our object. Are you interested in a lot of fine imported satin-lined Blue and Black Elysian Overcoats that we manufactured to sell at \$35? They were full value at that price, but the craze has been for smooth-faced goods this season and they didn't sell. \$25 is the price now, and it's like finding \$10 to buy one.
